

# Introducing *Janssen Compass*<sup>™</sup>

Janssen's support program dedicated to patients who have been prescribed either ERLEADA<sup>®</sup> (apalutamide), DARZALEX<sup>®</sup> (daratumumab), or DARZALEX FASPRO<sup>®</sup> (daratumumab and hyaluronidase-fihj)\*.

## Program

*Janssen Compass*<sup>™</sup> is a free patient offering with a single point of contact for your patients, helping to clarify their path by providing information, education, and helping them become better advocates for themselves.

## Support

Patients will connect one-on-one with a dedicated Care Navigator (an experienced nurse) who can help them find financial assistance and provide educational treatment support based on what they tell us they need the most.

Care Navigators will not perform a nursing function and will always refer patients back to their care team.

For Information Only. DO NOT copy, distribute or share with patients.

## Enroll

Providers, caregivers, and patients can sign up for an introductory call with a *Janssen Compass*<sup>™</sup> Care Navigator by following any of these steps:

### Provider

- Scan the QR code, or
- Visit [www.janssencompass.com/signup](http://www.janssencompass.com/signup)

### Patient/Caregiver

- Text "CALL" to 844-628-1234\*
- Visit [www.janssencompass.com/signup](http://www.janssencompass.com/signup), or
- Call the program directly at 844-NAV-1234 during the operational hours of Monday through Friday, 8:30 AM–8:30 PM ET.

\*The personal information you provide about yourself through text message will be used by Janssen Biotech, Inc., and its affiliates and the program's service providers (collectively Janssen) to contact you by phone to describe the *Janssen Compass*<sup>™</sup> program and complete the enrollment process. The Privacy Policy further explains how Janssen processes the personal information you provide. By texting "CALL," you indicate that you have read, understand, and agree to these terms.

By texting "CALL" to 844-628-1234, you consent to receive automated text messages from the *Janssen Compass*<sup>™</sup> program to schedule a call with a

dedicated Care Navigator and to learn more about the program. Please note, text message and data rates may apply. You may opt out at any time by texting "STOP" to 844-628-1234.

Please do not share any unprompted personal or medical information as we are not able to reply to messages other than "CALL." If you have specific questions, please contact a *Janssen Compass*<sup>™</sup> Care Navigator at 844-628-1234 Monday-Friday from 8:30 AM - 8:30 PM ET. Call your doctor for medical advice about side effects. You may report side effects to the Janssen Medical Information Center by calling 800-526-7736.

## Janssen Compass™ Care Navigators offer your patients education support in the following areas:

### Cost and Access

We can help your patients pay for their medication. We provide them with savings options, can sign them up for the Janssen co-pay savings program, and, for Medicare Part D patients, we'll check to see if they're eligible for the Extra Help program and guide them through the application process.

### Learning About Their Treatment

A *Janssen Compass™* Care Navigator will support and guide your patients as they start and continue treatment by providing ongoing education about their Janssen therapy.

### Support the Whole Way

Patients can work with their *Janssen Compass™* Care Navigator to discover tips, strategies, and resources for caring for themselves during treatment, help setting goals for living with cancer, and connecting with advocacy groups and a wider community of support.

\* Please see accompanying full Prescribing Information for ERLEADA®, DARZALEX®, or DARZALEX FASPRO®.

*Janssen Compass™* is limited to education for patients about their Janssen therapy, its administration, and/or their disease. It is intended to supplement a patient's understanding of their therapy and is not intended to provide medical advice, replace a treatment plan from the patient's doctor or nurse, provide case management services, or serve as a reason to prescribe this medication.
