

# Jason Ervin MBA

Director of Oncology Service Line

Jason Ervin is the Director of the Oncology Service Line for Oklahoma Cancer Specialists and Research Institute (OCSRI) in Tulsa, Oklahoma. In this role, Jason is responsible for integration of oncology services throughout the continuum of care, including leadership of American College of Surgeons COC quality initiatives. In addition to overseeing the Oncology Service Line, Jason is responsible for the management and leadership of OCSRI's managed care strategy, marketing programs, information technology, and facilities at OCSRI.

As the region's most comprehensive cancer center, OCSRI is home to 21 oncology specialists, 20 advanced practice providers, and over 350 associates, and offers the latest cancer treatment modalities including radiation services, specialty/retail pharmacy, imaging, laboratory, and clinical research. Additionally, the OCSRI oncology network provides comprehensive services at three regional centers.
